Trimble Meeting at Belmont.

BELMONT, (Ohio,) Sept. 10th.

FRIEND COWEN:-Some weeks ago we were informed that

on the 8th inst., John Davenport and Peter Tallman, Esqrs., the "big guns" of Trimbleism in this county, would enlighten the good people of this township as to their duties at the coming election. But what a failure !people in this neighborhood thought they knew their own duties about as well as the honorable gentlemen could tell them, and, as a consequence, they staid at home, and left those who came to address the meeting, to the mortifying reflection that they must speak, if they spoke at all, to empty seats!

About 11 o'clock, A. M., the St. Clairsville splegation arrived, consisting of the speaker from that place, accompanied by office-holdany ers and office seekers, (whose names, out of legislation before the winter of 1845-6, as sympathy to them, I suppress.) Ma. Notwithstanding the unsettled state ed for the support of this business, yet the of the weather, a large and respectable meetwhole attention of the people is directed to ing of the inhabitants, from the surrounding some issue which is without a tithe of the neighborhoods, assembled to participate in importance to humanity, and Christianity the exercises. Wel- present with their children; the Minister left his study; the Merchant his deak; the Blacksmith his anvil; and the prisoner his plough; to mingle their sympathies, and to unite in congratulating these engaged in the great

work of Sunday School instruction. The schools preceded by their respective Superintendents, and Teachers, under the direction of Mr. James PHILIPS, Marshal of the day, were as follows:

Mount Olive, Mr. J. McKEEN, Supt., Concord-Mr. G. W. Milligan,-Centerville, Mr A. PRYOR, and Wesley Chapel,-Mr. G. W. ELERICE

The schools were severally accompanied by bands of singers discoursing appropriate music, as the procession was marched, and countermarched in a beautiful grove.

The order of then procession was the reversed, which was accomplished with great credit to the indefstigable managers, and, bot less, to the children, who seemed to vie with each other in the promptness with which they obeyed the directions of their officers. As the choir sent up to Heaven a song of praise to the Searcher of all hearts, and the gentle Zephyr wasted to our ears the swelling notes of music intrusively cause the thought how glorious the hope, that these, and see may meet and mingle with "that innumerable throng which surrounds the throne of God," and joined them in singing. "Halleluish to the Lamb which was slain, and to Him that sitteth on the throne forever and ever."

A beautiful provision for our animal gratification being provided, the procession was marched to the table, and a blessing pronounced by the Rev. James McCue, when the tempting viands were removed with a dispatch which gave evidence that this provision was duly appreciated by those who en-

While yet at the table, each pupil was presented with a book, provided by the schools or gratuitous distribution.

All present, were invited to partake of the rich repast provided for the occasion, and while all appetites were ministered to, all gested by the contemplation of this interes ing scene. And, while we contemplated it, could we fail to enter into the reflection, that that would form a halo around the head of from among these very Sabbath school scholars, are to rise the masters spirits of the age, But to the meeting. And entering into this reflection.considering morality, an essential element in every prosperously administered government can we fail to perceive the supereminent necessity of a sedulous inculcation of moral principles in the minds of the youth of our and, to whom, is so soon, to be committed so important a trust.

The audience having repaired to the stand the meeting was called to order by the presiding officer, and the throne of Grace addres sed by the Rev. J. W. Case.

After again listening to the soul stirring music of the chori, the presiding officer pre sented the Rev. W.
